of Engineering

ENGINEERING AND IT AWARDS NIGHT 2020

Dear Jiashu Wu,

Congratulations! You have been recognised for your academic achievements on the Dean's Honours List.

Due to the coronavirus (COVID-19) pandemic, the Melbourne School of Engineering will be celebrating your achievements later in the year. You will receive invitations for the event closer to the date.

The University's number one priority is the health, safety and wellbeing of our University community, including our students, staff, alumni and supporters, and we are doing everything we can to reduce the rates of infection in the community. More information on the University's response to COVID-19 is available at <https://www.unimelb.edu.au/coronavirus>.

I hope you and your family stay safe and that you will join me in celebrating the success of our students later this year.

Yours sincerely,

A handwritten signature in black ink that reads 'Mark Cassidy'.

Dean of the Melbourne School of Engineering, Professor Mark Cassidy
